2008 SHIRAZ VIOGNIER

- Region:** Granite Belt, Australia
Variety: Shiraz, Viognier

Winemaking Comments:

The 2008 vintage on the Granite Belt produced good Shiraz fruit due to a cool, mild season resulting in a longer ripening period. This is a classic Australian style of Shiraz with 3% of Viognier added to the blend for enhanced complexity and structure.

Additives:

Sulphur dioxide added. Produced with the aid of nut products, traces may remain.
